NOTE.

The arrangement of this Index is as follows:

			PAGE.
Authors	(Vols. I–X)		2–15
Plates	"	"	16–19
Figures	"	"	20–23
Reviews and Notices of Books	"	"	24–32
Periodicals summarized	"	"	33
Subject Index	"	"	34–145
Appendix for Vol. XI			147–166

Since 1893 (Volume VIII) the *Summaries of Periodicals* have ceased to be a separate department of the JOURNAL, and have been incorporated with the department of *Archaeological News* under the localities to which the various articles refer. The list of periodicals summarized extends therefore no further than to Volume VII.

While the *Subject Index* covers the entire contents of the JOURNAL, yet the peculiar value of the department of *Archaeological News* has seemed to demand for it a larger number of cross references than was given to the rest of the JOURNAL. I hope that this demand will prove to have been met satisfactorily.
